

This Term...

Our new topic in Year 3 will be "Mighty Metals"

We're going to explore the scientific world of forces and magnetism, metals and materials. We'll learn which force is at play as we slide down a slide or swing on a swing, explain why magnets repel and attract and build a steel band from pots and pans. Then we're off to meet Hogarth the Iron Man's companion. We're going to build him a friend making him strong, sturdy and ready to rumble!

Our new topic in Year 4 will be "Blue Abyss"

We're going deep into an underwater world of incredible coral and mysterious sea creatures. We'll learn about what real divers get up to below the surface. Create a fishy story about exploring an amazing underwater world. Then it's time to go a little deeper into our seas. We'll look at deep-sea submarines and the great pressure they need to withstand whilst travelling to the deepest, darkest places on Earth. Flippers on? Snorkel ready? Let's head into the Blue Abyss.

Thought of the term...

What we learn with
pleasure
we never forget.

- ALFRED MERCIER

Dates for your diary:

- Wednesday 13th Nov – Open Morning/Evening
- Thursday 14th Nov- Miss Roberts Class Assembly
- Monday 18th Nov – TLCs
- Wednesday 20th Nov - TLCs
- Wednesday 27th Nov- Year 3 & 4 movie night

Reminders

Reading - We encourage all parents/carers to read three times a week with their children at home to further develop their child's reading skills. Please remember to record this in your child's Reading Record.

Homework – Children receive 2 pieces of My Maths homework each week. Please ensure your child completes this. Children will record their homework in their homework diaries and you can communicate with your child's class teacher via this diary.

PE Kit- PE kit must be in school every day. Children will need outdoor as well as indoor PE Kit. Please ensure all PE kit is named.
